

Proposed Charter Change Q & A (IP-2024-1)

What are the proposed changes to the charter?

- 1) Changes Josephine County from an “agency of the state” to a “Body Politic” (Chapter 1 Section 2).

What does that mean?

As an agency of the state, Josephine County must follow exactly every ordinance and rule put in place by the state of Oregon, as a Body Politic, Josephine County retains the autonomy to retain our right to opt out or modify certain legislation.

Example: While the majority of Oregon voters approved measure 110 legalizing the possession of certain drugs, Josephine County could have an ordinance prohibiting those substances within Josephine County (this DOES NOT allow the county to violate rights and protections granted by the U.S. Constitution).

- 2) Requires commissioner candidates to reside in Josephine County for 24 months prior to running for office (Currently 6 months) (Chapter 3, Section 6.2.a).
- 3) Prohibits commissioners from holding any other publicly elected office (Chapter 3, Section 8.2.c).
- 4) Removes Surveyor as an elected officer (Chapter 5, Section 18.1).
- 5) Requires all Candidates to declare their political affiliation at the time of filing for office Chapter 5, Section 18.3).

What does that mean?

Any candidate filing for any elected office within Josephine County would have to identify their registered political party (Democrat, Republican, Independent, etc.) if any at the time of filing.

- 6) Adds a prohibition of a sales tax within Josephine County (Chapter 7 Section, 28).

What does that mean?

Neither the county nor any city within Josephine County would be permitted to institute a sales tax unless the charter were changed to allow such tax.

- 7) Prohibits Rank Choice Voting in Josephine County (Chapter 7, Section 29).

What does that mean?

Currently the state plans to put rank choice voting on the November ballot. If approved by the majority of voters within Oregon State, Josephine County would NOT be required to include that option on our ballots (another example of the benefit of being a Body Politic).

- 8) Adds protection over Body Autonomy (Chapter 7, Section 30).

What does that mean?

Adults would retain their parental rights to choose what medical procedures they or their minor children would or would not receive. No Employer, government entity or other source could require certain medical treatments (i.e. vaccinations) as a condition of employment, enrollment, etc.

- 9) Removes sections deemed to be unconstitutional, unenforceable, or administrative in nature (Chapter 7, Section 32).

What does that mean?

Over the years legal opinions have been issued indicating that portions of our current charter violated the constitution and were ruled to be null and void, those sections were removed along with any section that was administrative in nature. Local charters are legislative and cannot dictate administrative procedures (that is what we elect our officials to do for us).

Examples of these include the current charters language regarding Library Support (currently funded by the Library District), Animal Control Support (state mandated function), County Property Management and review of department heads (administrative) and Restrictions on Nudity (Constitutional concerns). These items are either state mandated, administrative or in violation of constitutionally protected rights.
